The 3D Slicer license below is a BSD style license, with extensions to cover contributions and other issues specific to 3D Slicer.

3D Slicer Contribution and Software License Agreement ("Agreement")
Version 1.0 (December 20, 2005)

This Agreement covers contributions to and downloads from the 3D Slicer project ("Slicer") maintained by The Brigham and Women's Hospital, Inc. ("Brigham"). Part A of this Agreement applies to contributions of software and/or data to Slicer (including making revisions of or additions to code and/or data already in Slicer). Part B of this Agreement applies to downloads of software and/or data from Slicer. Part C of this Agreement applies to all transactions with Slicer. If you distribute Software (as defined below) downloaded from Slicer, all of the paragraphs of Part B of this Agreement must be included with and apply to such Software.

Your contribution of software and/or data to Slicer (including prior to the date of the first publication of this Agreement, each a "Contribution") and/or downloading, copying, modifying, displaying, distributing or use of any software and/or data from Slicer (collectively, the "Software") constitutes acceptance of all of the terms and conditions of this Agreement. If you do not agree to such terms and conditions, you have no right to contribute your

Contribution, or to download, copy, modify, display, distribute or use the Software.

PART A. CONTRIBUTION AGREEMENT - License to Brigham with Right to Sublicense ("Contribution Agreement").

1. As used in this Contribution Agreement, "you" means the individual contributing the Contribution to Slicer and the institution or entity which employs or is otherwise affiliated with such individual in connection with such Contribution.
2. This Contribution Agreement applies to all Contributions made to Slicer, including without limitation Contributions made prior to the date of first publication of this Agreement. If at any time you make a Contribution to Slicer, you represent that (i) you are legally authorized and entitled to make such Contribution and to grant all licenses granted in this Contribution Agreement with respect to such Contribution; (ii) if your Contribution includes any patient data, all such data is de-identified in accordance with U.S. confidentiality and security laws and requirements, including but not limited to the Health Insurance Portability and Accountability Act (HIPAA) and its regulations, and your disclosure of such data for the purposes contemplated by this Agreement is properly authorized and in compliance with all applicable laws and regulations; and (iii) you have preserved in the Contribution all applicable attributions, copyright notices and licenses for any third party software or data included in the Contribution.
3. Except for the licenses granted in this Agreement, you reserve all right, title and interest in your Contribution.
4. You hereby grant to Brigham, with the right to sublicense, a perpetual, worldwide, non-exclusive, no charge, royalty-free, irrevocable license to use, reproduce, make derivative works of, display and distribute the Contribution. If your Contribution is protected by patent, you hereby grant to Brigham, with the right to sublicense, a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable license under your interest in patent rights covering the Contribution, to make, have made, use, sell and

otherwise transfer your Contribution, alone or in combination with any other code.

5. You acknowledge and agree that Brigham may incorporate your Contribution into Slicer and may make Slicer available to members of the public on an open source basis under terms substantially in accordance with the Software License set forth in Part B of this Agreement. You further acknowledge and agree that Brigham shall have no liability arising in connection with claims resulting from your breach of any of the terms of this Agreement.
6. YOU WARRANT THAT TO THE BEST OF YOUR KNOWLEDGE YOUR CONTRIBUTION DOES NOT CONTAIN ANY CODE THAT REQUIRES OR PRESCRIBES AN "OPEN SOURCE LICENSE" FOR DERIVATIVE WORKS (by way of non-limiting example, the GNU General Public License or other so-called "reciprocal" license that requires any derived work to be licensed under the GNU General Public License or other "open source license").

PART B. DOWNLOADING AGREEMENT - License from Brigham with Right to Sublicense ("Software License").

1. As used in this Software License, "you" means the individual downloading and/or using, reproducing, modifying, displaying and/or distributing the Software and the institution or entity which employs or is otherwise affiliated with such individual in connection therewith. The Brigham and Women's Hospital, Inc. ("Brigham") hereby grants you, with right to sublicense, with respect to Brigham's rights in the software, and data, if any, which is the subject of this Software License (collectively, the "Software"), a royalty-free, non-exclusive license to use, reproduce, make derivative works of, display and distribute the Software, provided that:

(a) you accept and adhere to all of the terms and conditions of this Software License;

(b) in connection with any copy of or sublicense of all or any portion

of the Software, all of the terms and conditions in this Software License shall appear in and shall apply to such copy and such sublicense, including without limitation all source and executable forms and on any user documentation, prefaced with the following words: "All or portions of this licensed product (such portions are the "Software") have been obtained under license from The Brigham and Women's Hospital, Inc. and are subject to the following terms and conditions:"

(c) you preserve and maintain all applicable attributions, copyright notices and licenses included in or applicable to the Software;

(d) modified versions of the Software must be clearly identified and marked as such, and must not be misrepresented as being the original Software; and

(e) you consider making, but are under no obligation to make, the source code of any of your modifications to the Software freely available to others on an open source basis.

2. The license granted in this Software License includes without limitation the right to (i) incorporate the Software into proprietary programs (subject to any restrictions applicable to such programs), (ii) add your own copyright statement to your modifications of the Software, and (iii) provide additional or different license terms and conditions in your sublicenses of modifications of the Software; provided that in each case your use, reproduction or distribution of such modifications otherwise complies with the conditions stated in this Software License.

3. This Software License does not grant any rights with respect to third party software, except those rights that Brigham has been authorized by a third party to grant to you, and accordingly you are solely responsible for (i) obtaining any permissions from third parties that you need to use, reproduce, make derivative works of, display and distribute the Software, and (ii) informing your sublicensees, including without limitation your end-users, of their obligations to secure any such required permissions.

4. The Software has been designed for research purposes only and has not been reviewed or approved by the Food and Drug Administration or by any other agency. YOU ACKNOWLEDGE AND AGREE THAT CLINICAL APPLICATIONS ARE NEITHER RECOMMENDED NOR ADVISED. Any commercialization of the Software is at the sole risk of the party or parties engaged in such commercialization. You further agree to use, reproduce, make derivative works of, display and distribute the Software in compliance with all applicable governmental laws, regulations and orders, including without limitation those relating to export and import control.
5. The Software is provided "AS IS" and neither Brigham nor any contributor to the software (each a "Contributor") shall have any obligation to provide maintenance, support, updates, enhancements or modifications thereto. BRIGHAM AND ALL CONTRIBUTORS SPECIFICALLY DISCLAIM ALL EXPRESS AND IMPLIED WARRANTIES OF ANY KIND INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. IN NO EVENT SHALL BRIGHAM OR ANY CONTRIBUTOR BE LIABLE TO ANY PARTY FOR DIRECT, INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY OR CONSEQUENTIAL DAMAGES HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY ARISING IN ANY WAY RELATED TO THE SOFTWARE, EVEN IF BRIGHAM OR ANY CONTRIBUTOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. TO THE MAXIMUM EXTENT NOT PROHIBITED BY LAW OR REGULATION, YOU FURTHER ASSUME ALL LIABILITY FOR YOUR USE, REPRODUCTION, MAKING OF DERIVATIVE WORKS, DISPLAY, LICENSE OR DISTRIBUTION OF THE SOFTWARE AND AGREE TO INDEMNIFY AND HOLD HARMLESS BRIGHAM AND ALL CONTRIBUTORS FROM AND AGAINST ANY AND ALL CLAIMS, SUITS, ACTIONS, DEMANDS AND JUDGMENTS ARISING THEREFROM.
6. None of the names, logos or trademarks of Brigham or any of Brigham's affiliates or any of the Contributors, or any funding agency, may be used to endorse or promote products produced in whole or in part by operation of the Software or derived from or based on the Software without specific prior written permission from the applicable party.
7. Any use, reproduction or distribution of the Software which is not in accordance with this Software License shall automatically revoke all rights granted to you under this Software License and render

Paragraphs 1 and 2 of this Software License null and void.

8. This Software License does not grant any rights in or to any intellectual property owned by Brigham or any Contributor except those rights expressly granted hereunder.

PART C. MISCELLANEOUS

This Agreement shall be governed by and construed in accordance with the laws of The Commonwealth of Massachusetts without regard to principles of conflicts of law. This Agreement shall supercede and replace any license terms that you may have agreed to previously with respect to Slicer.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

1. You must give any other recipients of the Work or Derivative Works a copy of this License; and
2. You must cause any modified files to carry prominent notices stating that You changed the files; and
3. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
4. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer

failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.
